ZENESIS™

Granite

Engineered Stone

ZENESIS™

ZENESIS™ II

The ZENESIS™ II bridge saw blade revolutionized the stone fabricating industry by raising the bar for cutting speed and blade life. Straight and efficient cutting increases productivity while reducing stress on the bridge saw.

- 25mm segment height
- Feed Rate up to 10 feet per minute
- Cuts Granite and Engineered Stone
- Wet use only

Part No.	Diameter	Segment	Arbor size
